

RG-6 COMPRESSION CONNECTOR

MODEL: BDN-RG6COMP

COD: 32125

REFERENCE IMAGE**DESCRIPCIÓN**

Designed to ease the work of the CATV installer, BDN compression connectors are the perfect alternative for CATV, SAT, and TV installations. With a bandwidth of 0 to 3 GHz, we guarantee a frequency response and attenuation within the parameters established in current standards. Ideal for installations with 80-90% dual/tri-shield coaxial cables.

RG-6 COMPRESSION CONNECTOR

MODEL: BDN-RG6COMP

COD: 32125

SPECIFICATIONS

PARAMETER	DATA
Bandwidth	0 MHz to 3 GHz
Impedance	75 Ohms (nominal)
Return Loss	Minimum -30 dB to 1 GHz, Minimum -20 dB to 3 GHz
Insertion Loss	<.20 dB to 1.2 GHz
Operating Voltage	90 V (at 60 Hz continuous AC)
Operating Temperature	(-40 °F to 140 °F (-40 °C to 60 °C))
Cable Retention (Tri-shield)	45 lbs (20.41 kg) minimum
